01 / PRODUCT OVERVIEW

A2C FST Full Speed Over Cross Joint Lockstitch

A cross-seam-focused lockstitch platform combining a high-torque motor and robust electric control for thick-material transitions without speed reduction.

UP TO

5,000

MAX. SPEED /
S.P.M.

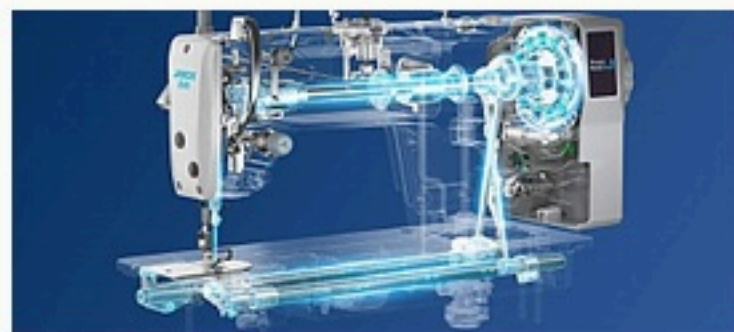

FST Powerful Cross-seam System

Powered by the Mighty Ape Platform Motor, it provides strong piercing force and fabric feeding force, enabling the machine to cross seam portions and handle thick materials without speed reduction. The Fortress Electric control ensures that the motor can work continuously and stably without being affected by the environment.

MIGHTY APE MOTOR

5.5Nm source-stated ultra-large torque.

• Mighty Ape Platform Motor :

FORTRESS CONTROL

Source voltage range 110-295V.

CROSS-SEAM PERFORMANCE

Designed for thick sections without speed reduction.

FST Powerful Cross-seam System

Powered by the Mighty Ape Platform Motor, the source states strong piercing and fabric-feeding force for seam crossings and thick materials without speed reduction.

CROSS-SEAM / THICK-MATERIAL ABILITY

FST Powerful Cross-seam System

Powered by the Mighty Ape Platform Motor, it provides strong piercing force and fabric feeding force, enabling the machine to cross seam portions and handle thick materials without speed reduction. The Fortress Electric Control ensures that the motor can work continuously and stably without being affected by the environment.

Customer value

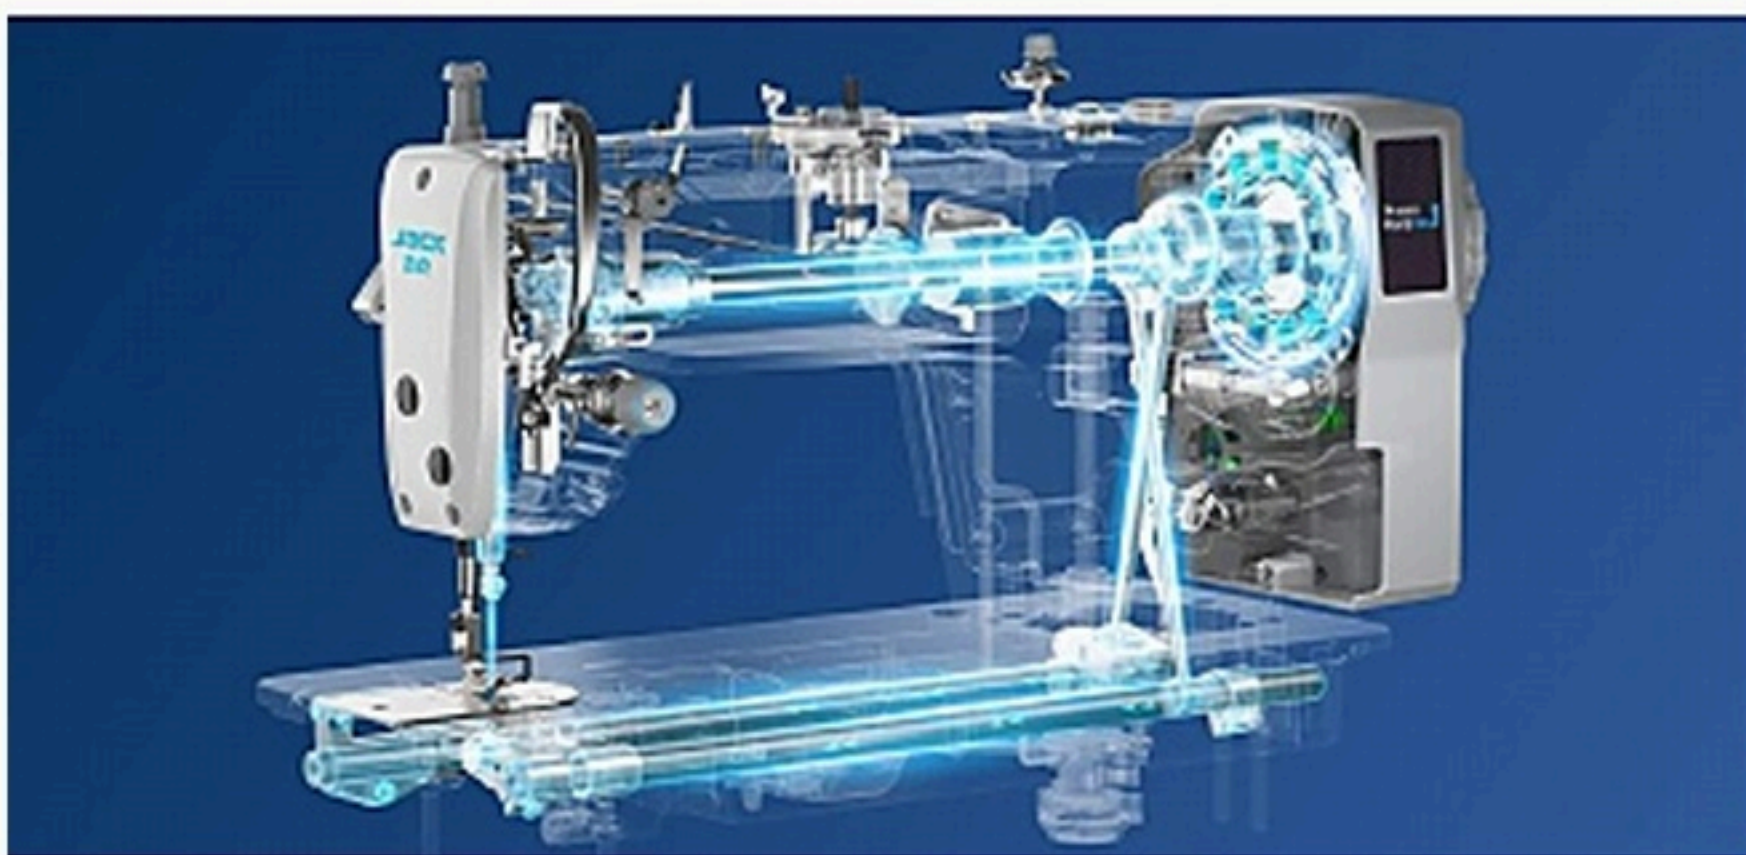

The supplied brochure states overall efficiency is increased by 3.7%.

Mighty Ape + Fortress Electric Control

The brochure states 5.5Nm ultra-large torque, piercing force through 100 layers of paper, an ultra-wide 110-295V range and resistance to 12000V electrostatic air voltage.

5.5Nm
ULTRA-LARGE TORQUE

• **Mighty Ape Platform Motor :** High Torque, High Explosive Power

Electrical adaptability

Fortress Electric Control is positioned for stable operation across a broad voltage range.

05 / TECHNICAL SPECIFICATIONS

Technical Specifications

SOURCE-ALIGNED PRODUCT DATA

Configurations and values below are drawn from the supplied JACK product brochure.

Model	Needle	Thread	Stitch	Foot lift	Max speed	Volume
A2C-C	DBx1 11-18#	2	5 mm	1-13 mm	5000	645x248x550
A2C-CH-7	DPx5 18-21#	2	7 mm	1-13 mm	3500	645x248x550

Source brochure lists A2C-C for thin/medium-thick material and A2C-CH-7 for thick material; weight is 30/36.5 kg.
